

Directions to Gull Cottage B&B

Continue on the Mid-Cape highway (Rte. 6) through South Wellfleet (about 30 miles from Exit 6.) Go through two stop lights designating Wellfleet Center, until you pass an Outer Cape Medical Center on the right and see a Moby Dick's restaurant ahead on the left. Turn right onto Gull Pond Road across from Moby Dick's.

Go 1 mile until you come to a cement marker on the corner, which says "Gull Pond Landing." (actually Schoolhouse Hill Road.) Turn left and proceed three tenths of a mile until the paved road turns sharply right and a sand road goes up a hill on the left. Take the sand road up the hill (avoiding the sandy areas and gullies) and then keep RIGHT at every fork. NEVER turn or veer left ...Just before you reach us, there will be a sign that says "NO PARKING BEYOND THIS POINT/NO TURNS" Ignore them, as just beyond that will be our driveway on the right (roughly one half mile from the pavement). It may be marked by two red cones. There are no other houses around, so you have arrived!

OR

You can set your GPS to School House Hill Road, Wellfleet but once on the sand road, you will need to follow the directions above to our house. DO NOT type in our address, or it will take you to Eastham, about 10 miles away or send you on a long route through the woods.

OR

Call us when you get to Moby Dick's restaurant, and we will come lead you in.

Call (508-349-6621) if you have any problems. But note: Only Verizon cell phones work well on this side of Route 6, so you'll probably have to return to the highway to get decent reception.

Park your car and walk up to the house. We look forward to seeing you!
